SUMMARY

MBA Pharmaceutical Management candidate at IIHMR University (2025–27) with a B.Pharm (Hons.) foundation. During a Micro Labs summer internship, built a semaglutide launch brand plan on primary field research (40-pharmacy RCPA, 10-physician survey) that shifted the strategy from share capture to category building. Pairs formulation, QC and GMP exposure with market analysis for product management and commercial-strategy roles.

EXPERIENCE

Marketing Intern, Summer Internship Programme (Brand Management) | Micro Labs Ltd. May 2026 – Jul 2026

- Built GLUMIC (working brand name), an FY2026–27 launch plan for once-weekly semaglutide: a 37-slide deck covering market sizing, STP, 7P mix, pricing, KOL mapping and a three-year Excel model.
- Designed and ran primary research in three Jaipur micro-markets: an RCPA of 40 pharmacies and a signed survey of 10 specialists. Found GLP-1 dispensed at only 2 of 40 outlets, and 7 of 10 physicians named cost as the main adherence barrier.
- Used the findings to reposition the brand from share capture to category building. The plan targets T2DM patients with high cardiovascular risk and leads with patient support, adherence tracking and cold-chain assurance.
- Sized the ₹1,906 Cr GLP-1 class (PharmaTrac, MAT May 2026) and compared tirzepatide with semaglutide. Applied CDSCO, DPCO, Schedule H and UCPMP 2024 constraints, and anchored detailing claims to SUSTAIN-6 and SELECT.

Medical Coding Intern (ICD-10-CM) | Skill Dunia, in association with ODCET Technologies Jan 2024 – Feb 2024

- Completed a medical coding internship, assigning ICD-10-CM diagnosis codes from clinical documentation. Gained working knowledge of how coding accuracy feeds claims, reimbursement and real-world health data.

QC & Production Trainee | Unidrug Innovative Pharma Technologies Ltd., Indore Jul 2023 (15 days)

- Trained in the QC (general instruments) and production departments of a GMP manufacturing site. Covered routine analytical testing, including HPLC, GC and UV-Vis, plus batch documentation and GMP practice.

Formulation & Evaluation Workshop | CARE, with SIRTIS-P (SAGE Group), Bhopal Jun 2023 (4 weeks)

SELECTED PROJECTS

- Molecule to Market AI — pharma commercialisation workspace** — Independent build (live), Aug–Sep 2026. Product owner of a live web app (moleculetomarket.app) turning public evidence (ChEMBL, ClinicalTrials.gov, openFDA, PubMed) into a reviewable brand plan across 22 modules; set the review rules and directed an AI-assisted build and deployment.
- Sun Pharma × Organon acquisition analysis** — MBA analysis, Apr 2026. Analysed Sun Pharma's announced \$11.75B acquisition of Organon: deal structure, ~6.2x EV/EBITDA, debt-funded leverage path, portfolio rationale (women's health, biosimilars, established brands, China) and governance risk.
- Ethosomal vs liposomal curcumin — narrative review** — independent research, 2026. Sole-author review of topical vesicular curcumin delivery: permeation evidence, Franz-cell method errors, stability analytics and FDA/EMA/ICH context. ResearchGate preprint, DOI 10.13140/RG.2.2.36647.10405.

EDUCATION

MBA, Pharmaceutical Management | IIHMR University, Jaipur 2025–2027 · Pursuing
B.Pharm (Honours) | NRI Institute of Pharmacy, Bhopal (RGPV) 2020–2024 · 78%
Class XII (CBSE), 2019: 64% · Class X (CBSE), 2017: 68.4% · Sacred Heart Convent School, Rewa

CORE COMPETENCIES

Brand planning & launch strategy · Segmentation, targeting & positioning · RCPA & primary market research · Competitive & therapy-area analysis · IQVIA / PharmaTrac data · KOL mapping · Pricing & regulatory context (DPCO, UCPMP) · Excel commercial modelling · Patient-support & adherence design · Strategic presentations · GMP & QC fundamentals · ICD-10-CM coding

Tools: MS Excel, MS PowerPoint, MS Word, Power BI, Canva

CERTIFICATIONS & ACHIEVEMENTS

- Drug Development Product Management Specialisation — UC San Diego (Coursera), Jul 2026
- Molecule to Market Job Simulation — Pfizer (Forage), Jul 2026
- Product Management: An Introduction — IBM (Coursera), May 2026
- Data Science Job Simulation — BCG X (Forage), Jul 2026
- NIPER JEE Qualified (2024) · Honours in B.Pharm
