

ANIMESH MISHRA

Pharmaceutical Product Management | Brand Strategy | Market Research

MBA Pharmaceutical Management candidate with a B.Pharm Honours foundation and hands-on exposure across QC analytics, brand planning, and medical coding. Recently completed a marketing internship at Micro Labs Ltd., authoring GLUMIC® — a full FY2026–27 brand plan for a semaglutide (GLP-1) launch grounded in my own 40-pharmacy RCPA and 10-physician field research. Targeting PMT roles where data-driven market strategy and lab-to-market understanding drive portfolio growth.

INTERNSHIP EXPERIENCE

Marketing Intern (Summer Internship Programme) | Micro Labs Ltd., Jaipur

May 2026 – Jul 2026

- Authored GLUMIC®, a full FY2026–27 brand plan for a semaglutide (GLP-1) launch — a 37-slide audited strategy deck spanning market sizing, positioning, pricing, and go-to-market.
- Ran primary research across three Jaipur micro-markets: a 40-pharmacy RCPA and a 10-physician survey; found only 2/40 pharmacies dispensing GLP-1 and 7/10 physicians citing cost-driven non-adherence — reframing the plan around a patient-support/adherence engine.
- Used IQVIA and PharmaTrac data to size the market and position GLUMIC for cost-conscious, cardiovascular-comorbid Type 2 diabetes patients.
- Applied STP, 4Ps/7Ps, SWOT and KOL mapping with CDSCO/DPCO/Schedule H considerations, and built a three-year Excel financial model.

QC Analyst (Internship) | Unidrug Innovative Pharma Technologies Ltd., Indore

Jul 2023 – Aug 2023

- Operated HPLC, GC, UV-Vis & LC on live pharmaceutical batches — processed 20+ samples per cycle with zero batch-release delays during peak production.
- Spearheaded CAPA-driven process improvements and applied GMP compliance protocols feeding real-time release decisions across medical, regulatory, and production stakeholders.

Pharma Industry Trainee | SAGE University / Indian Capsule Ltd., Bhopal

Jun 2023 – Jul 2023

- Completed end-to-end supply chain walkthrough across two live facilities — raw material intake to finished dosage form dispatch.
- Connected academic pharmacology to commercial realities: dosage form constraints, capacity bottlenecks, and market-entry economics.

ADDITIONAL EXPERIENCE

Medical Coding Analyst (Certified) | E-Cell, IIT Hyderabad

Jan 2024 – Mar 2024

- Achieved proficiency across 200+ ICD-10-CM diagnostic codes — directly applicable to pharmacovigilance, medical affairs, and patient-level data analysis.
- Mapped clinical language to structured healthcare data systems; built fluency in how coding accuracy drives hospital revenue cycles and downstream pharma commercial decisions.

CERTIFICATIONS & PARTICIPATIONS

- Molecule to Market Job Simulation — Pfizer × Forage (2026)
- Drug Development Product Management Specialisation — UC San Diego / Coursera (2026)
- Product Management: Foundations & Stakeholder Collaboration — SkillUp / Coursera (2026)
- Data Science Job Simulation — BCG X × Forage (2026); McKinsey Forward Programme (2026)
- ICD-10-CM Medical Coding Certification — IIT Hyderabad / E-Cell (2024)
- GMP Compliance & Pharmaceutical QC Operations — Unidrug (2023); Industry-Academia Training — SAGE (2023)
- Advanced Excel Workshop — IIHMR University, Jaipur (2026)
- Pradanya — Global Health Management Research Conference (GHMRC) 2026 — Participated, IIHMR

EDUCATION

MBA – Pharma Management

IIHMR University, Jaipur
2025–27 | Pursuing

B. Pharm – Honours

NRI Institute of Pharmacy, Bhopal
2020–24 | 78%

XII – CBSE | 2019 | 64%

X – CBSE | 2017 | 68.4%

Sacred Heart Convent School, Rewa

SKILLS & TOOLS

Analytical Instrumentation

– HPLC · GC · UV-Vis · LC

Clinical Data Intelligence

– ICD-10-CM (200+ codes)

Regulatory

– GMP · CAPA · QC Documentation
– CDSCO · DPCO · Schedule H

Brand & Marketing

– GTM · Brand Planning
– RCPA · Primary Research
– Market Research (IQVIA / PharmaTrac)
– KOL Engagement
– STP · 4Ps/7Ps · SWOT / TOWS

Data & Communication

– MS Office · Advanced Excel
– Canva · Data Analysis

STRENGTHS

– Analytical Mindset · Adaptability
– Quick Learner · Decision-Making
– Cross-functional Collaboration

ACHIEVEMENTS

– NIPER Qualified (2024)
– Honours in B.Pharm. (78%)
– Lead Researcher – Herbal Hand Sanitizer (B.Pharm)
