PROFESSIONAL OVERVIEW

Motivated MBA student in Pharmaceutical Management with a pharmacy background, eager to apply strong analytical, research, and marketing skills. Committed to supporting brand strategy, market research, and cross-functional collaboration to drive product growth and improve customer satisfaction through innovative, data-driven marketing approaches.

INTERNSHIP

QC Analyst, *Unidrug Innovative Pharma Technologies Ltd., Indore*

01 Jul 2023 – 15 Jul 2023

- Operated HPLC, GC, UV-Vis Spectrophotometer & LC on live pharmaceutical batches — processed 20+ samples per cycle with zero batch-release delays during peak production, directly supporting regulatory sign-off.
- Spearheaded CAPA-driven process improvements that strengthened drug quality standards and sustained brand trust across medical and plant teams.
- Applied GMP compliance protocols feeding real-time regulatory release decisions — building cross-functional credibility across medical, regulatory, and production stakeholders.
- Gained end-to-end understanding of how quality assurance anchors product credibility in pharmaceutical markets.

Pharma Industry Trainee, *SAGE University / Indian Capsule Ltd. & Ayurvedic Facility, Bhopal*

Jun 2023 – Jul 2023

- Completed end-to-end supply chain walkthrough across two live facilities — raw material intake to finished dosage form dispatch; developed production economics insight most MBA candidates never access.
- Connected academic pharmacology to commercial realities: dosage form constraints, capacity bottlenecks, and market-entry economics.

EXPERIENCE

Medical Coding Analyst (Certified), *E-Cell, IIT Hyderabad*

Jan 2024 – Mar 2024

- Achieved proficiency across 500+ ICD-10-CM diagnostic codes — directly applicable to pharmacovigilance, medical affairs, and patient-level commercial data analysis for pharma outsourcing mandates.
- Mapped clinical language to structured healthcare data systems; built fluency in how coding accuracy drives hospital revenue cycles and downstream pharma commercial decisions.
- Collaborated with a multidisciplinary cohort to sharpen data-accuracy standards and analytical discipline — the twin pillars of process excellence in pharma outsourcing.
